To Our Valuable Partners:

Recently, the major economies in the world including United States, EU, Japan, Taiwan, etc. have implemented significant sanctions and export restrictions against Russia and Belarus in response to Russia invasion of Ukraine.

MINMAX TECHNOLOGY CO., LTD., as a global supplier, has to follow such sanctions and prohibit to directly or indirectly supply our products to Russia and Belarus. Violation of these might be against international restrictions and result in prohibition of selling Minmax products globally.

As per this ongoing situation, please accept this letter as an official request for consent to temporarily suspend provision of Minmax products to Russia and Belarus directly or indirectly until the removal of sanctions.

We thank you in advance for your kind understanding and cooperation. If you have any further questions, please contact our individual sales for more details.

Sincerely,

Jack Cheng  
President
